PROMETEON

EMERGENCY RESPONSE & TACTICAL VEHICLES | ALL POSITION

M+S | TT | TL | Chip-and-Cut Compound | BEAD LOCK & RUN FLAT COMPATIBLE

Deep-lug all-position tire designed for demanding off-road service conditions, maintaining traction and durability in mud, loose terrain, and extreme environments for emergency response and tactical vehicles.

COMPARABLE TO:

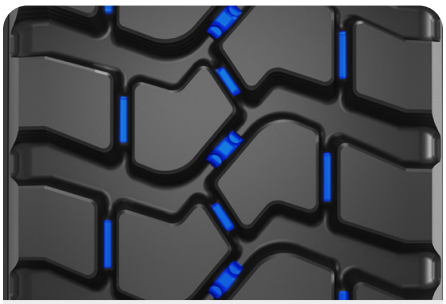

Bridgestone	N/A
Michelin	XZL
Continental	N/A
Goodyear	UNISTEEL® MV/T

NOTES

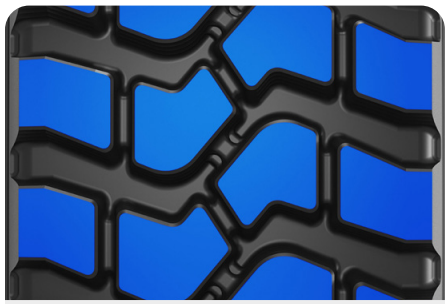

* Rim underlined is measuring rim.
* Exceeding the lawful speed limit is neither recommended nor endorsed.
* 'MPT' tire stands for a Multi-Purpose Tire
* 'POR' stands for Professional Off-Road

FEATURES

OFF-ROAD TRACTION

Deep grooves and a **high void ratio evacuate mud, snow, and loose sand** for an open, consistent contact patch. **Waved block walls provide micro biting edges** for grip on soft, inconsistent terrain, while tie bars reinforce the tread blocks, smoothing vibration and **reducing noise on asphalt**.

EXTENDED TREAD LIFE

Non-directional S-shaped tread block pattern **delivers consistent traction** in forward or reverse travel and allows full rotation flexibility for **extended tread life**. Bridges between the blocks **reduce tread stress** and enhance durability. Available in both tube and tubeless versions; the tubeless version allows for the use of special "bead lock" and "run-flat capable" systems inside the tire.

CHIP-AND-CUT COMPOUND

Reinforced shoulder lugs deliver strong side-bite on steep grades, rocks, and soft terrain **for improved stability**. The specialized tread compound **resists chunking**, tearing, and impact damage, while wide shoulder voids also help the tire conform to uneven surfaces to enhance flotation and **maintain vehicle grip** in tough weather conditions.
