G02 ON-OFF MULTIAXLE

MIXED SERVICE | STEER / ALL-POSITION

4-Belt Casing

M+S | Chip-and-Cut Compound | SERIE 02 | 2nd Generation Product Series (Backed by Prometeon)

All-position on/off-road tire featuring deep original tread, closed shoulder design, and chip-and-cut compound for enhanced durability, high mileage, and consistent traction in severe service.

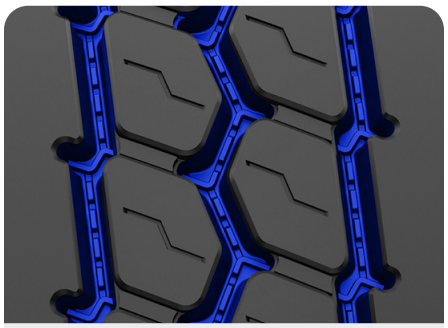

COMPARABLE TO:

Bridgestone	M853
Michelin	X Works Z
Continental	HSC3
Goodyear	G751 MSA

FEATURES

CASING DURABILITY

Wide longitudinal grooves equipped with platform stone ejectors **help keep stones from lodging or drilling** into the tread. Their open design efficiently clears water from the contact patch, **supporting reliable grip on wet surfaces**.

STRONG TRACTION PERFORMANCE

Staggered center blocks with tie-bar **support enhance traction** performance and reinforce block stability to help resist tread tear during maneuvering scrub. This stable footprint controls wear across tough surfaces, supporting high removal miles and **long original tread life**.

CHIP-AND-CUT COMPOUND

Chip- and cut-resistant compound combined with wide, solid shoulder ribs delivers strong scrub resistance and greater tread stability under heavy loads. Reinforced sidewalls **protect the casing from curbing**, cuts, and worksite impacts, helping to preserve the casing for future **retreadability**.
