R02 PRO TRAILER 19.5

PROMETEON

REGIONAL | TRAILER

M+S | FRT | High-Scrub Compound | SERIE 02 | 2nd Generation Product Series (Backed by Prometeon)

19.5" regional trailer radial optimized for low-bed, high-cube, and traveling-axle trailer operations, featuring reinforced shoulder design and high load-carrying capability for consistent performance.

NOTES
* Rim underlined is measuring rim.
* Exceeding the lawful speed limit is neither recommended nor endorsed.
* This tire is marked FRT (Free Rolling Tire) and is designed exclusively for use on trailer axles. It must not be fitted to steer or drive positions.

FEATURES

OPTIMAL TREAD LIFE

Three linear grooves combined with tread micro-sipes optimize rib contact pressure for **consistent road contact, delivering stable tracking and reliable traction** in wet and all-season conditions.

INNOVATIVE HEAT MANAGEMENT

Shallow tread depth contributes to **low rolling resistance** and more uniform wear patterns, while also **improving heat dissipation** to **keep the tire running cooler** under load.

SHOULDER SCRUB ENDURANCE

Wide, robust shoulder delivers **strong tear resistance to chipping and chunking** and helps the tire **withstand side scrubbing** during trailer turning in high-scrub conditions.
